Nell,

Can you have someone from the committee give us an update at the next Council meeting along with placing on the agenda another item to appoint the remaining members?

Council, my notes show that we are waiting on Bart, Scott and Pat for their appointments. If you are not sure or do not have anyone, can I recommend to you to re-appoint the previous council members appointee? Some consistency on the committee would be good. I don't have those exact appointments – the only one I can think of that is active on the committee that was appointed by a previous member would be Rick Fletcher. Not sure who the appointer for that position is, but it doesn't have to be the same position.

Regards,
